

RUBÉN BARONA ALBA

Frontend Engineer · Angular · React · TypeScript · Agile Environments

Córdoba, Spain | barona.ruben@gmail.com | +34 665 90 39 88 | [linkedin.com/in/ruben-barona-alba](https://www.linkedin.com/in/ruben-barona-alba) | rubenbarona.es

Computer Engineer specialized in Frontend development with Angular, React, and TypeScript. Experienced in building scalable user interfaces, consuming real-time REST APIs, and optimizing web performance within agile teams and using unit testing with Jest.

KEY SKILLS

Frontend	Angular · React · TypeScript · JavaScript · HTML · CSS · RxJS
Testing	Jest · Unit Testing · Integration Testing
Backend / BD	REST APIs · SQL Server · PostgreSQL · Python · C# · InfluxDB
Tools	Git · VS Code · Grafana · Scrum

PROFESSIONAL EXPERIENCE

Frontend Engineer

Nov 2024 - Present

ICCA · Córdoba, Spain

- Develop frontend features with Angular and TypeScript for the CGCTPA platform (Andalusia Public Transport Control & Management Center), including the real-time passenger information module (SIU).
- Implement unit and integration test suites with Jest, increasing code coverage up to 80% and preventing production regressions.
- Optimize component performance and data streams, reducing response times of key components by ~20% through improved observable management and rendering strategies.
- Develop reusable components following React composition patterns (custom hooks, Context API, separation of concerns) to enhance application scalability and maintainability.
- Collaborate in agile environment workflows, participating in code reviews and sprint planning.

Junior Software Developer

Oct 2023 - Jul 2024

Deuser (Indra Group) · Córdoba, Spain

- Administered the SQL Server database for Siemens Opcenter APS (500K+ records), writing stored procedures in Python, C#, and SQL to automate supply chain and planning workflows for government and international projects.
- Implemented a real-time energy consumption monitoring solution for an industrial plant using InfluxDB and Grafana, cutting incident detection time from 10 minutes to 1 minute.
- Implemented SCADA solutions with WinCC OA to manage facilities across AENA's network of 46 airports, integrating real-time sensor data feeds.

EDUCATION

Master's Degree in Big Data applied to Football Scouting

2024 - 2025

UCAM · Sports Data Campus

Master's Thesis: Intelligent tactical evaluation system tailored to RC Celta's playing style.

Bachelor's Degree in Computer Engineering

2019 - 2024

Universidad de Córdoba (UCO)

Specialization in **Software Engineering**.

Computer Engineering – Erasmus+

2022 - 2023

Politechnika Opolska · Poland

LANGUAGES

- Spanish** - Native
- English** - B2
